holds up to 1388 lbs  
(lids & straps)

## How to Prevent-Protect-Preserve

### First, Understand Your Liability.

Any business in Wisconsin that discards private and proprietary data without destroying it first, exposes itself to incalculable risk of criminal and/or civil penalties, damage to reputation, and costly loss of business.

### Second, Identify Sensitive and Confidential Business & Personal Records.

Business Records	Personal Records
Customer-Price Lists	Personally Identifying Information (PII)
Employee Records	Medical Records
Financial Statements	Patient Health Information (PHI)
Tax Records	Old First Class Mail
Insurance Documents	Credit Card Statements
Legal Documents	Academic Records
Canceled Checks	

### Third, Select a Locally Trusted Partner that Offers NAID-Accredited Destruction Services.

AAA certification is awarded by i-Sigma/NAID to providers that have met rigorous requirements and uphold stringent information destruction and security standards. KARD Shredding has implemented measures designed to meet and exceed the objectives of the Interagency Guidelines Establishing Information Security Standards.

KARD assists companies to comply with SOX, GLB, FACTA, HIPAA, HITECH, and other Federal and State privacy laws.

Monthly Service from \$49\* or  
Walk-in - Tues & Wed - 8 AM to 3 PM  
Just 15 cents/pound (\$15 min charge)

\*Additional charges for contaminants and trip charge may apply.

## KARD Security Procedures

### Secure Pick up & Containment

- Locked security containers
- Uniformed drivers with ID Badges
- Signature release from your facilities
- Fully enclosed & locked trucks

### Secure Indoor Shredding Facility

- Video surveillance & recording
- Limited access, background checked & vetted staff
- Isolated internal storage & staging area

### Secure Material Destruction by KARD

- Shred all paper to meet NAID specifications
- Bend & crush hard drives
- Grind non-printable media

### Secure Conveyances to Recyclers

- All mills & upstream processors agree to abide by NAID guidelines & KARD's comprehensive subvendor requirements.

Sustainable - 1 ton of shred saves 17 trees!
